NEU

The world record system KK500, redefined for prone shooters.

KK500 Pronetec

The world record-holding KK500 system, now featuring the new „Pronetec“ equipment for the prone discipline. This genuine match rifle delivers the performance of a top-tier model at an ideal value for money. With the addition of a special rifle for the 50 meter prone discipline to the model series, the KK500 is even more specifically tailored to meet the needs of ambitious gun club shooters.

- Short action with loading port positioned in easy reach
- Weight-optimized firing pin for the minimal trigger release times
- 3-lug locking mechanism, extremely smooth due to innovative surface treatment
- Symmetrical stock available with right/left grip and cheek piece for both right and left-handed shooters
- Finely adjustable mechanical match trigger 50–120 g
- Extreme modularity through standardized optic rails

AVAILABLE
FROM AUGUST
2025
